Um,  
Akagi  
...?

Hm?

Oohh...  
It's gotten  
chilly.

Staff  
Room

Ahhh!  
Sorry! My  
mistake!

Could  
you not put  
the heater  
next to the  
desks...

I can't  
deal with  
heat...

Because of the poor layout of Akagi's engine room, her living quarters frequently reached over 40 degrees Celsius.

That has  
nothing to do  
with this.

Keeping  
a kinder-  
gartener's  
Feelings in  
mind is key to  
being a good  
teacher~

What's  
wrong with  
that~?

Right,  
Akagi-  
sen...

Ah, Akagi-  
sensei said,  
"I'm going  
to go make a  
snowman with  
the children!"  
and left...

Grrr! What kind of attitude is that-

Hmm... Never heard of you

I'm Kagorou, from the older class!

I, Kagerou  
of the big  
kids class,  
will take  
you on!

You-  
How dare  
you lay hands  
on me!

Hoho-!  
Next one's  
going to  
be even  
better!

I wanna  
go over  
there and  
practice  
dancing-!

Really now,  
getting into  
trouble like  
that...

I'm  
heading  
over-

There  
she goes

Kagerou  
are the  
true  
elites!

How  
can I lose  
to the  
likes of a  
Fubuki  
class!

You hold  
it right  
there~!

Ahhh~

Aha-  
haha~!  
Gotcha!

On May 10th, 1943, the destroyer  
Kagami's mooring was destroyed by a mine in the  
Vila Gulf, and she was subsequently sunk by American planes.  
After being removed from the fleet roster on June 20th,  
the USN high command changed the name of the Kagami class  
to the Shiranui-class, after the second ship of the class.

Huh?  
Did you  
guys not  
like the  
name?

It's because  
you're like  
this that they  
called us the  
Shiranui-  
class.

Come on.  
You're too  
careless.

They got  
reven-  
geance!

Miyuki  
was  
taken  
out!

Shimakaze's 9 quirk torpedoes could go as fast as 400 knots,  
some of the best among the destroyers of the LNA.

Nowaki,  
what do  
you want  
to play?

Maikaze.

Come on,  
you guys!  
Snowball  
fights just  
ruin your  
clothes!

Great!  
Then let's  
dance!

Eh.

I'm happy  
playing  
anything if  
it's with  
Maikaze.

lift

Dance,  
dance!

A perfect  
fit for the  
cute Naka-  
chen!

A pure  
white  
stage!

Okay!  
Over there  
will be the  
audience.

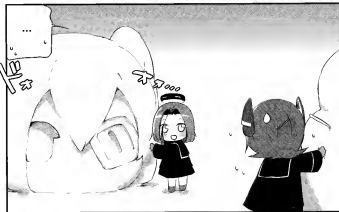

Backup  
dancers  
—!

Oh.  
Ohhh.

Mm, it  
feels like  
winter.

Snow's  
pretty nice,  
isn't it?

But,  
it's still a  
little chilly,  
after all...

Wow,  
so warm!  
Your body  
temperature  
really is  
high!

hold

Do the  
kindergarten  
want any?

We made  
a ton of red  
bean soup in  
the elementary  
school cafeteria!

Hey,  
every-  
one!

Red bean soup—

I swear,  
Akagi-san and  
Kaga-san put  
more effort into  
eating than they  
do into their  
own work.

Fine,  
I'll  
dig in  
too!

...

Hmm,  
do you  
not want  
yours?

What are  
you  
saying?

I  
just  
wanted  
to  
provide  
Kaga

Akiyuno-chan  
Akiyuno-chan loves drawing!  
While in kindergarten, she almost always  
carries around three sketchbooks.

long to show up because she's too lazy to come out.

who can easily go beyond that?

I'm Konuri, the Kindergarten series has reached its 9th book!

The next one will be the tenth...!!

This one depicts the shipgirls playing in the snow.

Back at home it almost never snows;  
it's kind of place where all traffic comes to a  
halt and schools close the moment it happens.

In Kanto, the yearly snows made  
me realize how annoying snow is.

I have to go and play with Christmas Naka-chan,  
so let's leave it at that!
